

LIVING THE DREAM

WHAKATINANA TE MOEMOE - GIVE BODY TO THE DREAM

Living the Dream

Living the Dream, our values based behaviour programme, strongly supports our school and community's expectations for all our students to work in a safe and caring learning environment. This also ties in our legal obligations linked to student and staff safety and well-being as well as linking to the principles and values identified in the New Zealand Curriculum.

At the end of last term our Campus Cop brought a a police dog handler and a drug dog to visit our school. At the whole school assembly the students heard all about how they work together to eliminate drugs. The handler and drug dog are welcome visitors in many schools. They intend to visit us again soon.

Please note that Manaia View School takes a zero tolerance when it comes to violence, bullying and drugs on site. This stance is reflected in recent suspensions and exclusions

Senior Constable Ross Clarke and drug dog Cole at police demonstration for Camp Quality participants.

Another part of this stance is a new initiative in which our Campus Cop, Constable Hank has established a Y7/8 boys' council. They will work together growing positive ways of getting along with others and meeting our values programme expectations. As

part of this programme our Campus Cop will be visiting our school regularly to support our students. We see this partnership developing positive leadership skills that very important as these students move towards adulthood.

Contributing and participating with our community

Managing self is associated to a "can-do" attitude and being a capable learner

NB our school and classrooms will be visited regularly by Police Canine Unit!
